### MANUSCRIPT TYPES ACCEPTED .X

The editorial policy of the Iranian Rehabilitation Journal is to encourage the publication of evidence-based research articles related to .original research articles within the more basis aspects of rehabilitation ,rehabilitation. IRJ also publishes to a lesser extent

Original Research Articles: must describe novel and significant observations and provide sufficient detail so that the findings can be .repeated ,if necessary ,critically evaluated and

Reviews: Reviews are ed for their broad general interest; all are refereed by experts in the field who are asked to comment on issues as well as on scientific accuracy. Reviews should take a ,general interest and balanced treatment of controversies ,such as timeliness so extensive citation of the authors own ,broad view of the field rather than merely summarizing the authors own previous work .publications is discouraged

**Case Reports:** Authors are invited to submit case reports on clinical topics of relevance to the aim and scope of the Journal Iranian words and follow the general author guidelines of the Iranian Rehabilitation Journal. The reports should be around .Rehabilitation Journal

**Commentaries:** are opinion pieces on topics of general interest to the rehabilitation community. They need not be confined to purely scientific topics; policy issues and educational and social implications may also be covered

### MANUSCRIPT FORMAT AND STRUCTURE

#### Format

**Language:** The language of publication is English. Authors for whom English is a second language must have their manuscript professionally edited by an English speaking person before submission to make sure the English is of high quality

**Symbols and Abbreviations:** Iranian Rehabilitation Journal adhere to the conventions outlined in Units .Abbreviations .Symbols and Nomenclature: A Guide for Medical and Scientific Editors and Authors. Non-standard abbreviations must be used three or more times and written out completely in the text when first used
